

PARKER

ESTATE

Each vintage our winemakers have the privilege of working with an incredible array of high-quality fruit. While most of these parcels make their way into our core range of wines, there are a few special components that we keep separate. These unique blends are bottled under the S.B.W. label to be enjoyed exclusively by visitors to the Parker Estate cellar door.

SMALL BATCH WINE (SBW) TRANQUILLITY 2025

Tranquillity: There's something about Rosé. It signifies respite, relaxation, the warmth of summer, cheese boards, umbrellas, wooden decks, banter and laughter. A simple drop in blood pressure that reminds us what life is all about. Or should be!

VITICULTURE

The Limestone Coast is South Australia's most underrated wine region. The cooling influence of the Southern Ocean that laps at its shores results in elegant wines with a fresh acidity. The perfect ingredients for a crunchy, easy drinking dry Rosé.

2025 was warm and very dry early on, meaning an early start to the season. It resulted in healthy canopies and no major weather threats. A standout year, we must say.

TASTING NOTES

Colour | Delicate, pale salmon hue with subtle coral highlights.

Aromas | Vibrant redcurrant, wild strawberry and a touch of watermelon, lifted by subtle rose-petal and citrus notes. A gentle mineral thread runs beneath the fruit, giving the bouquet clarity and finesse.

Palate | Bright and mouth-watering, with a silky, almost weightless texture that glides effortlessly. A hint of citrus zest adds lift, leading to a refreshing, moreish finish that invites another sip.
