MIDDAY SOMEWHERE
SHIRAZ
LIMESTONE COAST

BACKGROUND

The cool climate growing conditions of the Limestone Coast (located in the South-East corner of South Australia), make it the perfect fruit source for our Limestone Coast Selections. Cool Climate fruit sourcing ensures the wines have generous amounts of natural acidity, an underlying theme of freshness and varietal character, and importantly, a high level of sophistication and a sense of place. Wines that reflect both the grape variety as well as the vineyards and sub-districts they're grown in.

VINTAGE 2024

Made in a medium-bodied style to enhance the varietal characteristics and to reflect the cool climate growing conditions, Midday Somewhere Shiraz displays bright primary fruit flavours with spice and fresh natural acidity.

Matured in high quality seasoned French oak, the wine is complemented by lifted aromatic fruit notes, creating a Shiraz which exceeds expectations.

Flavour with elegance! Moreish.

TASTING NOTE

- Colour:** Deep ruby red with bright purple hues.
- Nose:** Spice, dark fruits & floral notes. Raspberries, white pepper and herbs with some brooding, savoury, spice adding complexity.
- Palate:** Bright red fruits of strawberry and blackberry. Fine acid leads to a smooth mouthfeel with soft tannins and a touch of savoury spice.
- Serving:** With a cheese board on a Friday afternoon.
