## 2022 EDWARDS SHIRAZ GRENACHE

The fragrance of strawberry and raspberry and cherry blossom flow onto the senses, this Rose' shows great fruit weight and a silky texture. The finish is pure and crisp with persistent flavour.

### WINEMAKER'S NOTES (JEREMY GORDON)

Picked and pressed off skins quickly which retains the freshness and exquisite colour. Both varietals are 100% tank fermented.

### VITICULTURIST'S COMMENTS (CHRISTO EDWARDS)

A cool spring in 2021 caused delayed budburst and a slow start for the 2022 vintage. But it wasn't long catching up with a scorching Christmas heatwave nudging 40 degrees on Boxing Day causing sunburn on some grape bunches.

February and March cooled off slightly and averaged in the high 20s which allowed for a beautiful steady ripening process.

Bird pressure was low due to the high amount of blossom in the Marri trees.

Disease pressure was also low due to the dry ripening months of February and March.

Shiraz and Grenache produced average yields with the Grenache unusually late to ripen, but the extended season was an advantage.

### TECHNICAL DETAILS

VARIETAL	85% Shiraz 15% Grenache
ALCOHOL	13.5%
HARVESTED	March 2022
